IN GIRL'S LUNGS.

an Electric Light Bulb I Thrust down Her Throat.

umbus, O. Nov. 1. - Discova hickory nut shell in the of Margaret Ray, a tend girl, by means of an eght bulb introduced into lung was a surgical operformed yesterd a y vill recover.

several days ago she developed what seemed to be a case of pneumonia. It was affecting the right lung and threatning serious complications.

A bronchoscope, a long hollow nstrument calculated to pass down through the windpipe into the lungs, on the end of which is attached a tiny electric light bulb, was used.

faithfully.

"All persons who have mat quired to be paid by the large corporations of our State.

'I am opposed to discrimination, and believe that taxation should be uniform, and the corporations and the people assessed nd taxed justly and fairly.

ity to appoint an assessment and valuation commission to do what the existing Board of Valuation and Assessment has done; but as the members of that board had not under former administrations been active. I had no knowledge that the existing board would be active until I was assured by the members his friends after an illness of almost that they would do their duty and be just and fair, and the public utilities bill was not

"The existing Board of Valuation and Assessment based their 1912 assessment on evidence of Braxton Mcredith of Emmaus was in the values placed before them at great length, and I am sure they presented what they believe, after careful examination and convincing proof, are just and fair assessments; and of about four hundred corporations assessed, only eight have protested

"The eight suits that have been brought against the State may be contested through the Federal and State courts, and are of great importance to the people and the State treasury. They involve for the State about four hundred thousand dollars annually, and for the county and city taking districts about eight hundred thousand dollars annually, or a total of about one million two hundred thousand dollars.

"When the present administration came into office, less than one year ago, the State's indebtedness was more than one million dollars. With just and fair taxation the debt of the State would soon be extinguished; and I regret that important and powerful corporations are resisting the action of the Board of Valuation and Assessment and endeaving to perpetaate taxation which their own admissions show

to be unjust and unequal. "If the corporations which have instituted suits persist in their efforts, the State of Kentucky and the cause of the taxpayers should be defended in the courts by counsel in every way well-equipped, and by all the attorneys that may be needed to meet and cope with the many able attorneys who instituted the suits.

writes Mrs. L. R. Barker, of Bud, Ky., "and can do all my housework. For years I suffered with such pains, I could scarcely stand on my feet. After three different doctors had failed to help me, I gave Cardui a trial. Now, I feel like a new woman."

The Woman's Tonic

A woman's health depends so much upon her delicate organs, that the least trouble there affects her whole system. It is the little things that count, in a woman's life and health. If you suffer from any of the aches and pains, due to womanly weakness, take Cardui at once, and avoid more serious troubles. We urge you to try it. Begin today.

A Great Family Reunion.
